

Збираємо математичний пазл!

В «АРТ вирізалках» дитина відпрацюватиме навички додавання, віднімання та множення. І все це, складаючи яскраві пазли! Після такого міні-заняття можна отримати не тільки необхідні знання, а і яскраву картинку. А ще — власні історії про мандрівки головного героя серії — енотика Єні.
