

A vibrant night scene in a forest. A large, leafy tree stands on the left, with a small squirrel perched on a branch. In the center, an owl is perched on a branch, highlighted by a light blue oval. To the right, a large, bright yellow full moon hangs in a dark blue sky dotted with stars. In the foreground, a raccoon is walking across a grassy area, also highlighted by a light blue oval. To the right of the raccoon, a snail is crawling on a mushroom, highlighted by another light blue oval. The scene is illuminated by a soft, ambient light, suggesting moonlight and starlight.

Наклей вовка. Непомітною стежечкою він іде до своєї нори, де чекають малі вовченята. А хто ще вночі не спить? Наклей їжачка. Час йому прокидатися, бо ж їжачки шукають собі поживу, як стемніє.
